

DISCOVER BMS

DIFFERENT

Belleville Mennonite School provides a unique and uncommon PK-12 learning environment where students learn truth and are truly known - growing both academically and spiritually. As a private Christian school, BMS offers a family-focused atmosphere where students can thrive and be challenged by customized learning pathways as they prepare for the journey ahead.

DEEPER

Students experience learning through a Biblical Worldview approach that shapes firm foundations alongside our partner families who share a vision for rich and well-rounded Christian education. Our world promotes so many surface-level successes and benefits centered on self, and at BMS, we believe in deeper, more meaningful growth that resonates beyond self to impact change in our communities and world around us that needs dedicated servants and leaders.

DIRECTION

Our high-quality programming is always expanding, growing, and geared toward meeting the needs and interests of our students for the future they will encounter. Through a wide range and variety of courses, including Bible, unique specials, and electives, as well as honors and dual enrollment opportunities, students can hone their skills and spiritual walks in numerous areas at BMS. Vocational programming and community co-op partnerships are growing alongside developing academic tracks and expanding service-learning opportunities.
